"LET'S TALK TRASH."

Trash Never Stops—And Neither Do We!

Since 1980, ACE Recycling & Disposal has been at the forefront of waste management, proudly serving over 1 million people every week. With safety, service, and sustainability as our guiding values, we work tirelessly to keep our communities clean and thriving.

Every day: Over 2,500 tons of waste and recyclables (that's 5 million pounds) are responsibly managed by ACE.

Every Year: That's over 1 billion pounds, keeping our planet cleaner for future generations.

**Committed to Serving Communities in
64 Utah cities + 9 Wyoming cities: That's over
337,000 residential carts serviced weekly.**

**8 school districts, the Utah State Prison, and the
University of Utah trust ACE for reliable waste
management.**

**18,000+ commercial clients: From businesses large
and small to complex operations, ACE is a partner
in sustainability.**

Driven By Core Values

Safety, Service, Sustainability, Respect, Hard Work, and Loyalty. These values fuel our mission to not just manage waste but also to protect and preserve our communities and planet for generations to come.

Our team of value-driven professionals is passionate about making a difference. Ready to discover how ACE can help simplify your waste and recycling needs?

TRASH, SMASH

Trash Compactors & Balers

Since 2003, AARCO has been helping businesses design waste management systems that are clean, efficient, and tailored to their unique needs.

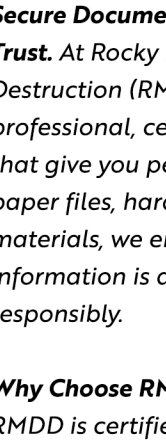

With AARCO, you can streamline your operations and reduce waste-related headaches.

Compactors and balers are more than disposal tools—they're smart investments that revolutionize waste management.

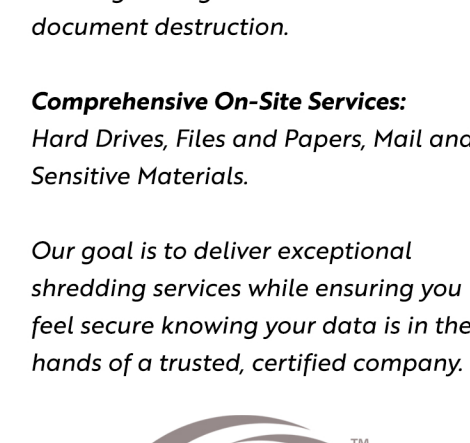

Reduce Waste Volume: Compressing waste by up to 400% with compactors and bundle recyclables like cardboard and plastics into manageable bales.

Enhance Safety and Hygiene: Keep work areas cleaner and safer by minimizing overflowing bins, loose trash, and cluttered recyclables.

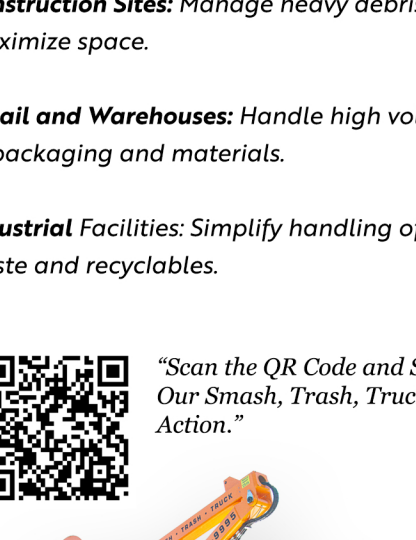

Improve Efficiency: Simplify waste handling with compactors and streamline recycling with balers to reduce the frequency of pickups, saving time and money.

Smash Trash Truck

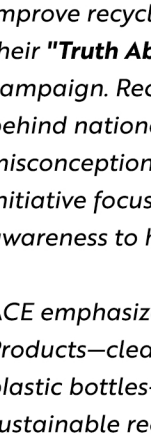

"Introducing ACE Recycling & Disposal's "Big Foot" Smash Trash Truck, the innovative solution that transforms how businesses manage waste. Designed to compact roll-off dumpsters that are 100% full down to just 30%, this cutting-edge service helps you save time, money, and space—all while supporting a cleaner and more efficient operation."

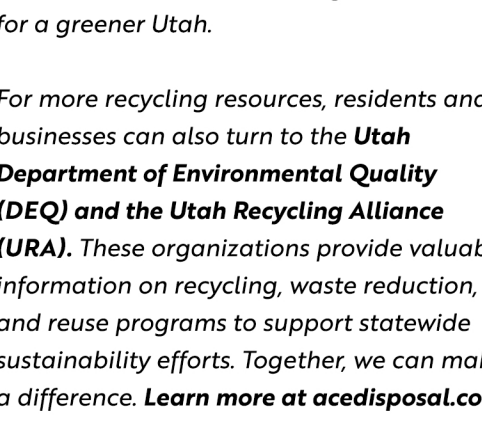

The Smash Trash Truck is ideal for:
Construction Sites: Manage heavy debris and maximize space.

Retail and Warehouses: Handle high volumes of packaging and materials.

Industrial Facilities: Simplify handling of bulk waste and recyclables.

"We've Been Committed to Safety, Service, Sustainability, Respect, Hard Work and Loyalty Since 1980."

SHRED, RECYCLE

Professional Shredding

Secure Document Destruction You Can Trust. At Rocky Mountain Document Destruction (RMDD), we specialize in professional, certified shredding services that give you peace of mind. Whether it's paper files, hard drives, mail, or other materials, we ensure your sensitive information is destroyed securely and responsibly.

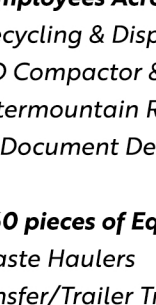

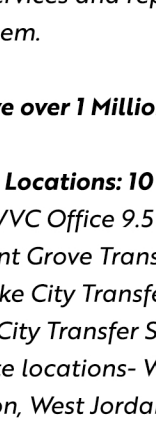

Why Choose RMDD?

RMDD is certified by NAID (National Association of Information Destruction), meeting the highest standards in secure document destruction.

Comprehensive On-Site Services:

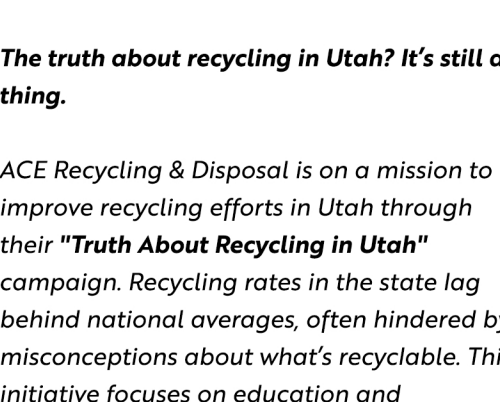

Hard Drives, Files and Papers, Mail and Sensitive Materials.

Our goal is to deliver exceptional shredding services while ensuring you feel secure knowing your data is in the hands of a trusted, certified company.

Reduce, Reuse & Recycling

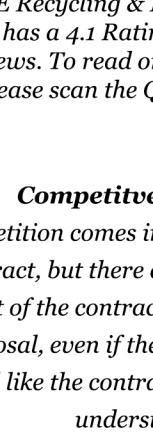

The truth about recycling in Utah? It's still a thing.

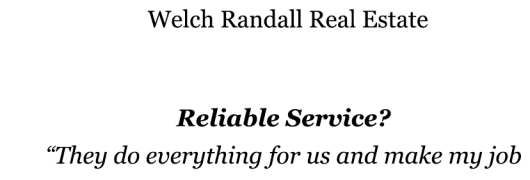

ACE Recycling & Disposal is on a mission to improve recycling efforts in Utah through their "Truth About Recycling in Utah" campaign. Recycling rates in the state lag behind national averages, often hindered by misconceptions about what's recyclable. This initiative focuses on education and awareness to help Utahns recycle smarter.

ACE emphasizes the 4 Key Recyclable Products—clean paper, cardboard, cans, and plastic bottles—as the foundation of a sustainable recycling program. By educating students, inspiring communities, and sharing success stories, ACE is building momentum for a greener Utah.

For more recycling resources, residents and businesses can also turn to the **Utah Department of Environmental Quality (DEQ)** and the **Utah Recycling Alliance (URA)**. These organizations provide valuable information on recycling, waste reduction, and reuse programs to support statewide sustainability efforts. Together, we can make a difference. **Learn more at acedisposal.com.**

Trash, Smash, Shred, Recycle, Repeat

Customers Reviews & Google Rating

"Trash, Smash, Shred, Recycle, Repeat." Is not just a catchy saying. It's what we do. And you should know we are the only trash collection company in the area that can provide all of these services and repeat them as often as you need them.

We serve over 1 Million people each week.

ACE Recycling & Disposal currently has a 4.1 Rating out of 500 Reviews. To read or leave a review please scan the QR Code.

Competitive Pricing?

"The competition comes in with a really nice first year contract, but there are all sorts of fees and to get out of the contract is really hard. With ACE Disposal, even if there are price increases, we feel like the contracts are more easily understood."

Brad Randall

Welch Randall Real Estate

Reliable Service?

"They do everything for us and make my job very easy, and very simple. We don't hear any complaints they handle everything."

Rawlins Thacker

South Jordan City

Compared To The Competition?

"When we work with vendors, we need quick response time and a body to talk to. We need a local vibe as opposed to a big corporation. The big corporations are too big. We need someone like ACE, we have one person to talk to and if we have a problem or want to change a service, they just take care of it and move along. We always have someone to go to even though they are growing. I don't have plans to go to a different company because of the headaches of going to the other providers."

Dallas Reid

Woodbury Corporation

"Hauling Over 5 Million Pounds of Waste Everyday and Serving Over 1 Million People Each Week."

"LET'S TALK DUMPSTERS & ROLL-OFFS."

At ACE Recycling & Disposal, we make dumpster service easy, efficient, and tailored to your project's needs. Whether you need a commercial or residential dumpster we've got 2, 3, 4, 6, 8, 15, 20, and 30 yard dumpsters. Below are some of the most popular sizes and what we recommend you use them for.

4-Yard Dumpster:
Ideal for Retail Stores for managing packaging materials, paper waste, and daily refuse. Equivalent to approx. 24 large trash bags.

8-Yard Dumpster:
Suitable for disposing of waste from guest rooms, restaurants, and event spaces, ensuring a clean and welcoming environment for guests. Equivalent to approx. 48 large trash bags.

15-Yard Roll-Off Dumpster:
A versatile choice for medium-sized projects, such as home remodeling or roofing work. Equivalent to approx. 110-130 large trash bags.

30-Yard Roll-Off Dumpster:
This is our most popular Roll-Off Dumpster for larger home renovations or major cleanouts, equivalent to approx. 170-190 large trash bags.
